Young, J. H. Tonsillectomy as a therapeutic measure in the treatment of chorea and endocarditis, 356.

SUBJECTS.

Abscess, Pulmonary, Massachusetts Medical Society symposium on empyema and; I. The medical aspects of empyema and pulmonary abscess, Frederick T. Lord, M.D., 789; II, The recognition of pleural disorders by x-rays, with special reference to empyema, Percy Brown, M.D., 802; III, Pneumodynamics of empyema, Frederic J. Cotton, M.D., 804; IV, The treatment of chronic empyema, F. B. Lund, M.D., 808; V, Lung abscess and bronchiectasis from a surgical point of view; certain end results of acute and chronic empyema, Wyman Whittemore, M.D., 811; the radical treatment of peritonsillar abscess by tonsillectomy during the acute state of the disease, Harry A. Barnes, M.D., 994.
Accidents, Some paralytic conditions resulting from surgical and obstetrical, James Warren Sever, M.D., 9.
Acidosis, epidemic in children, 933.
Acute tubercular inflammation of the ileo-colic glands simulating appendicitis,—Homer Gage, M. D., 301.
Acute Pancreatitis, A brief consideration of, with case reports, Charles E. Durant, M.D., 459.
Adeno-Carcinoma, A case of pyelonephritis, complicated by, Elizabeth T. Gray, M.D., 95.
Adenoid Operations, Elimination of voice defects following, Walter B. Swift, M.D., 782.
Admission to the State Tuberculosis Sanatoria, 1006.
Airways, A successful treatment for acute infection of, Irving Wilson Voorhees, M.S., M.D., 702.
Alcoholism, Ernest B. Emerson, M.D., 113.
Alopecia syphilitica, Douglass W. Montgomery, M.D., 913.
Amaurotic Family Idiocy, Some new symptoms in, Isador H. Coriat, M.D., 20.
American Academy of Medicine, Annual meeting, 102.
American Ambulance, First impressions of the opportunity for orthopaedic work at, Robert B. Osgood, M.D., Boston, 7; Report of Harvard University Service at the American Ambulance, Lycee Pasteur, Neuilly-sur-Seine, France, Robert B. Greenough, M.D., 735.
American College of Surgeons, Meeting, 628.
American Institute of Homeopathy, Annual meeting, 103.
American Medical Association, Annual meeting, 102.
Ancient remedies for hiccough, 335.
Anesthesia, Local, in the radical cure of hernia, Albert Ehrenfried, M.D., 780; Some modern ideas about anesthesia, Frank L. Richardson, M.D., 943.
Anterior Poliomyelitis, A case of, with multiple paralyses, including the hitherto unrecorded involvement of the left diaphragm, Philip H. Sylvester, M.D., 428.
Antiseptic, A new, 563.
Anti-Tuberculosis Work, The present status of in New Hampshire and some suggestions for the future, Robert B. Kerr, M.D., 263
Astrum of Highmore, Suction and irrigation apparatus for the diagnosis and treatment of, Joseph Prenn, M.D., 482.
Army, Prevalence of syphilis in, 516.
Arthritis, Pneumococcic, with report of six cases, James Warren Sever, M.D., 387; Late results of operations upon hip joints for hypertrophic, E. G. Brackett, M.D., and H. W. Marshall, M.D., 688.
Artificial Pneumothorax, Edward O. Otis, M.D., 740.
Auricular fibrillation and complete heart-block, Paul Dudley White, M.D., 431.

B. dysenteriae, A note on the invasion of the bodies of infants by, Carl TenBroeck, M.D., 284; The presence of B. dysenteriae, B. proteus vulgaris, bact Welchii, and Morgan's bacillus No. 1, in the stools of cases of infectious diarrhea, Carl TenBroeck, M.D., and Frank Garm Norbury, 286.
Bacteria treatment of certain chronic pyogenic dermatoses, Charles C. Dennie, M.D., and John H. Bufford, M.D., 916.
Belgian Physicians' relief fund, 36, 74, 112, 150, 223, 300, 336, 374, 412, 450, 488, 525, 564, 602, 634, 940.
Belladonna, Effects of selection on alkaloids, 683.
Biochemistry, Progress in, A. Everett Austin, M.D., 883.
Birth Control, Havelock Ellis and, 481; and dynamic evolution, 855.
Birth Rate, The menace of a declining, 517.
Bladder Tumors in the young, R. F. O'Neil, M.D., 873.
Blood, Whole, Therapeutic value of injections of, J. Spencer Davis, M.D., 693.
Blood-Letting, The history of, 408.
Blood Pressure, Experimental and clinical observations on, in spinal anesthesia, George G. Smith, M.D., 502; Blood pressure, Cadis Phipps, M.D., 476; Blood Pressure determinations, urinary findings and differential blood counts in a group of 662 young male adults, Roger I. Lee, M.D., 541.
Book Reviews.* Abbott, A. C., Principles of bacteriology, 437; Abbott, George Knapp, Essentials of medical electricity, 134.; Allen, Carroll W., Local and regional anesthesia, 135; American Authors, A manual of personal hygiene by, 172; Annual report of the health of the Imperial (Japanese) Navy, 873; Ashburn, P. M., The elements of military hygiene, 57; Abbutt, Sir Clifford, Diseases of the arteries, 828; Amoss, H. L., Textbook of chemistry and chemical urinalysis for nurses, 928.
